

SMARTCLASS

The Smart Board interactive whiteboard operates as part of a system that includes the interactive whiteboard, a computer, a projector and whiteboarding software - either Smart Notebook collaborative learning software for education. The salient features are:

- Improves teacher effectiveness and productivity in class.
- It brings abstract and difficult curriculum concepts to life inside classrooms.
- Makes learning an enjoyable experience for students.
- Improves academic performance of students.
- Enables instant formative assessment of learning outcomes in class.
- It also enables teachers to instantly assess and evaluate the learning achieved by their students in class
